

AMERICAN JOURNAL *of* ENOLOGY & VITICULTURE

VOLUME 53 **2002** NUMBER 2

CONTENTS

Maceration Variables Affecting Phenolic Composition in Commercial-scale Cabernet Sauvignon Winemaking Trials <i>A. Zimman, W.S. Joslin, M.L. Lyon, J. Meier, and A.L. Waterhouse</i>	93 - 98
Volatile Terpene Constituents in Maturing Gewürztraminer Grapes from British Columbia <i>B. Girard, L. Fukumoto, G. Mazza, P. Delaquis, and B. Ewert</i>	99 - 109
Minimum Constant Sulfur Dioxide Emission Rates to Control Gray Mold of Cold-Stored Table Grapes <i>L. Palou, C.H. Crisosto, D. Garner, L.M. Basinal, J.L. Smilanick, and J.P. Zoffoli</i>	110 - 115
Effects of Horticultural Oils on the Photosynthesis, Fruit Maturity, and Crop Yield of Winegrapes <i>S.A. Finger, T.K. Wolf, and A.B. Baudoin</i>	116 - 124
Genetic Study of Malvasia and Torrontes Groups through Molecular Markers <i>J. Borrego, M.T. de Andrés, J.L. Gómez, and J. Ibáñez</i>	125 - 130
Influence of Maceration Temperature and Enzymes on the Content of Volatile Phenols in Pinot noir Wines <i>V. Gerbaux, B. Vincent, and A. Bertrand</i>	131 - 137
Effect of Water Stress on Leaf Area Development, Photosynthesis, and Productivity in Chardonnay and Airén Grapevines <i>M. Gómez-del-Campo, C. Ruiz, and J.R. Lissarrague</i>	138 - 143
Research Notes	
Localization of S-Cysteine Conjugates in the Berry: Effect of Skin Contact on Aromatic Potential of <i>Vitis vinifera</i> L. cv. Sauvignon blanc Must <i>C. Peyrot des Gachons, T. Tominaga, and D. Dubourdieu</i>	144 - 146
Cinnamates and Resveratrol Content for Sparkling Wine Characterization <i>C. Andrés-Lacueva, M. Ibern-Gómez, R.M. Lamuela-Raventós, S. Buxaderas, and M.C. de la Torre-Boronat</i>	147 - 150
Close-up on Bubble Nucleation in a Glass of Champagne <i>G. Liger-Belair, R. Marchal, and P. Jeandet</i>	151 - 153
