

Supplemental Data for:

Oliver CL, Cooper ML, Lewis Ivey ML, Brannen PM, Miles TD, Mahaffee WF and Moyer MM. 2021. Assessing the United States grape industry's understanding of fungicide resistance mitigation practices. *Am J Enol Vitic* 72:181-193. doi: 10.5344/ajev.2021.20062.

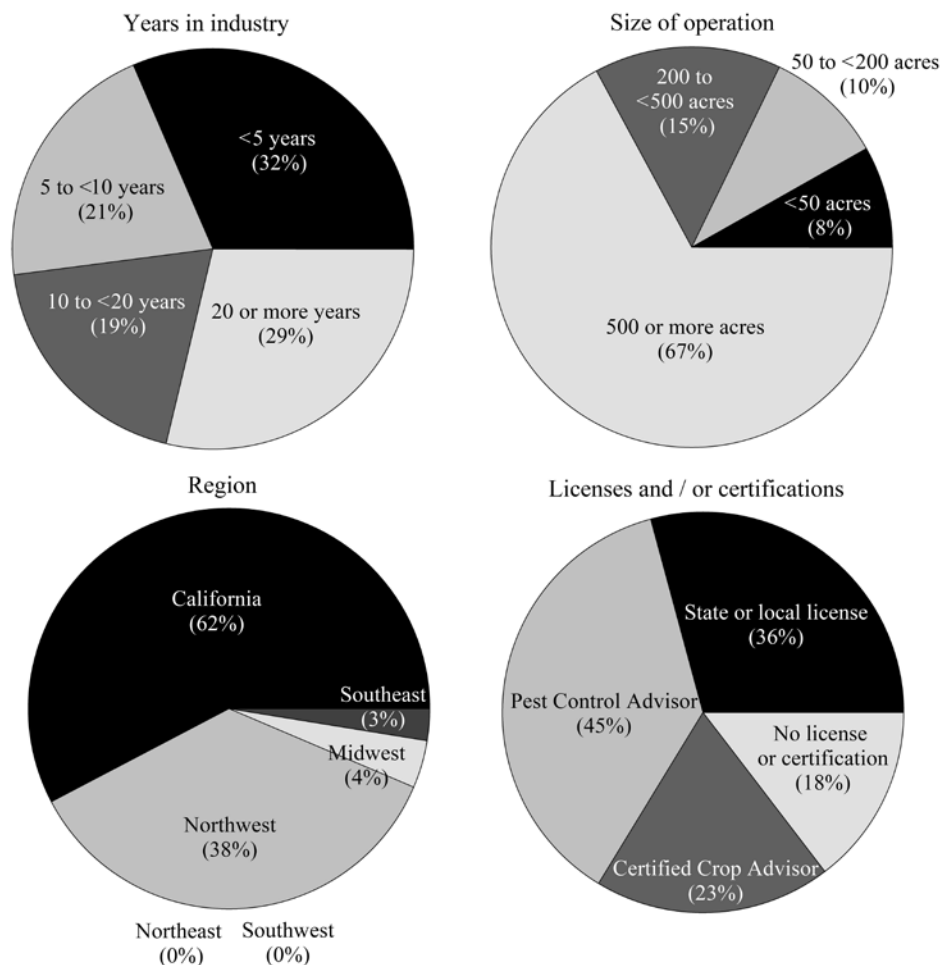

Supplemental Figure 1 Key demographics (years in the industry, size of operation, region of location, and licenses held) of respondents who classified themselves as a vineyard manager. Vineyard managers were defined as someone who makes vineyard management decisions for vineyards owned by themselves or someone they work for.

Supplemental Data for:

Oliver CL, Cooper ML, Lewis Ivey ML, Brannen PM, Miles TD, Mahaffee WF and Moyer MM. 2021. Assessing the United States grape industry's understanding of fungicide resistance mitigation practices. *Am J Enol Vitic* 72:181-193. doi: 10.5344/ajev.2021.20062.

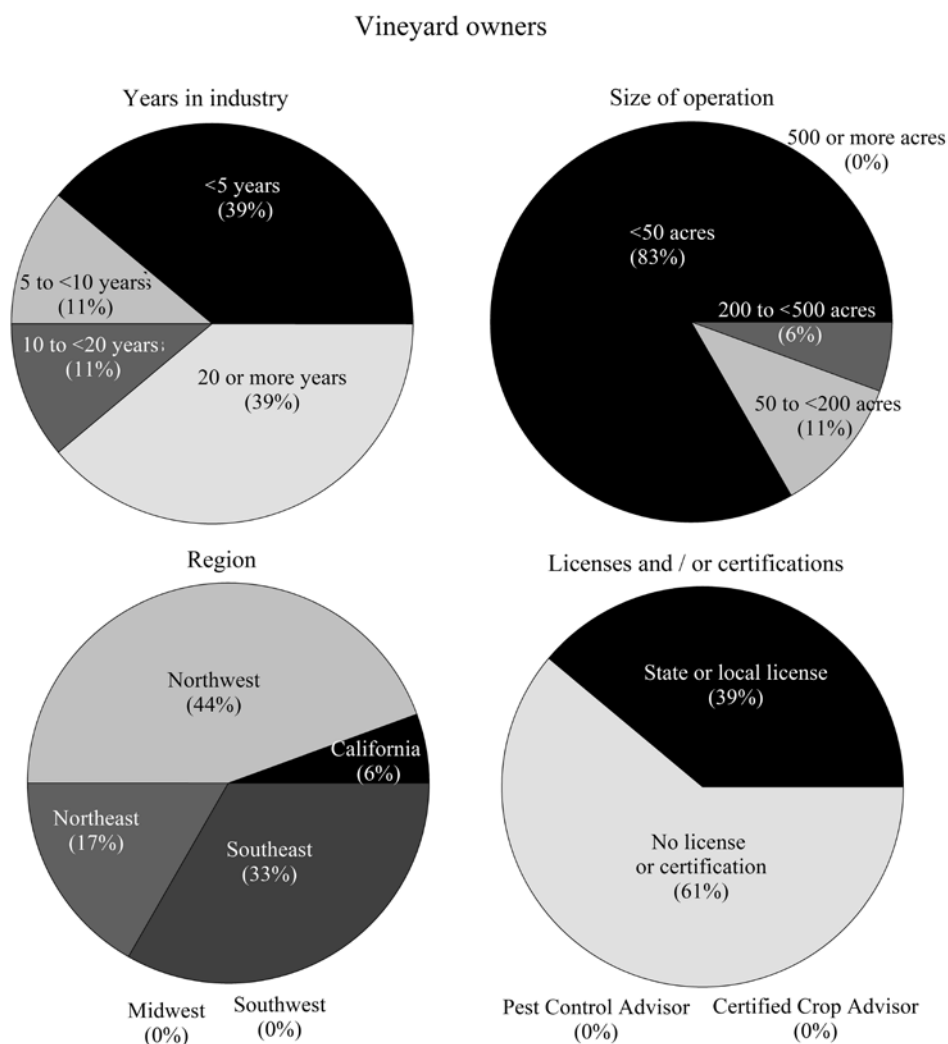

Viticulturists or crop consultants

Supplemental Figure 2 Key demographics (years in the industry, size of operation, region of location, and licenses held) of respondents who classified themselves a viticulturist or a crop consultant. A viticulturist or a crop consultant were defined as someone who provides recommendations for a vineyard owned by others.

Supplemental Data for:

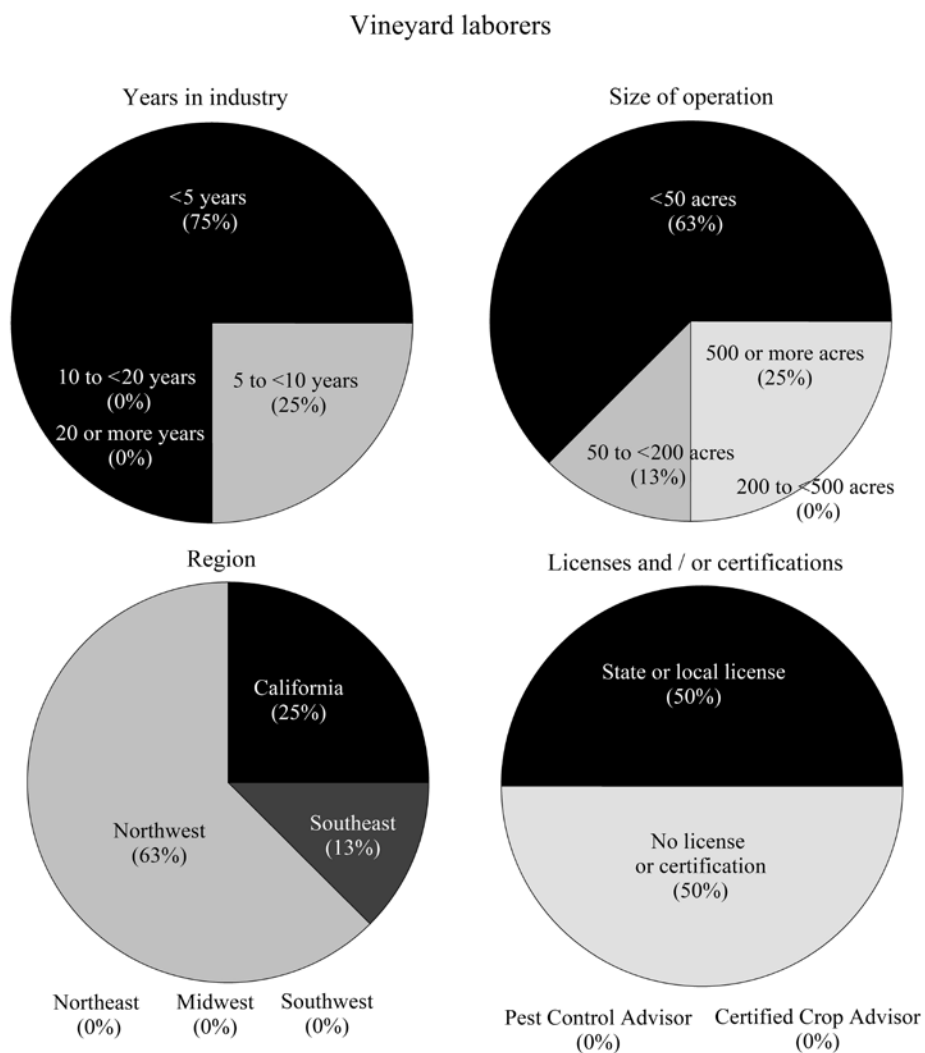

Oliver CL, Cooper ML, Lewis Ivey ML, Brannen PM, Miles TD, Mahaffee WF and Moyer MM. 2021.
Assessing the United States grape industry's understanding of fungicide resistance mitigation practices.
Am J Enol Vitic 72:181-193. doi: 10.5344/ajev.2021.20062.

Supplemental Figure 3 Key demographics (years in the industry, size of operation, region of location, and licenses held) by respondents who classified themselves as a vineyard owner. Vineyard owners were defined as those who own a vineyard but have no on-site management activities.

Supplemental Data for:

Oliver CL, Cooper ML, Lewis Ivey ML, Brannen PM, Miles TD, Mahaffee WF and Moyer MM. 2021. Assessing the United States grape industry's understanding of fungicide resistance mitigation practices. *Am J Enol Vitic* 72:181-193. doi: 10.5344/ajev.2021.20062.

Supplemental Figure 4 Key demographics (years in the industry, size of operation, region of location, and licenses held) of respondents who classified themselves as a vineyard laborer. Vineyard laborers were defined as someone who works at a vineyard but does not make vineyard management decisions.
